

Electrical Parts for Forklifts

Electrical Part for Forklifts - Forklifts and different forklifts could have particular labels used in some hazardous locations. The label denotes that this particular model of lift truck meets the minimum standards of ANSI/UL 553 intended for electric lift trucks or ANSI/UL 558 utilized for internal combustion engine forklifts.

The use for labels utilized for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance carrier and Fire Marshall for further information on the approved uses of industrial powered forklifts in your application.

If the forklift has been found to satisfy the outlined criteria, the following labels can be placed. A labeled truck would have the type description located on the forklift nameplate and would have one of the following labels placed.
